

# Singapore LNG Corporation Pte. Ltd.

## HEALTH, SAFETY, SECURITY & ENVIRONMENT (HSSE)

### POLICY STATEMENT

Singapore LNG Corporation Pte. Ltd. (SLNG) is committed to ensuring the health, safety and security of our staff and those who may be affected by our business; the protection of the environment, and of our assets.

#### **SLNG is committed to the following HSSE goals:**

- Provide a safe and healthy workplace for all employees and workers in our facilities;
- Ensure HSSE considerations are integrated into all activities;
- Develop a culture where everyone takes responsibility for HSSE
- Prevent any incident, including process safety incidents, that may result in bodily injury, ill-health or damage to the environment and/or property;
- Ensure security of staff and facilities;
- Protect the environment; and
- Respond appropriately to any emergency.

SLNG will ensure that all reasonably practicable efforts are made to safeguard visitors, contractors and members of the public, who may be affected by its activities.

#### **Our Company will meet or exceed all of Singapore's relevant statutes, regulations and codes of practice, and will take appropriate steps within our authority for the following:**

- Provision and maintenance of plant and equipment that is safe and minimises risks to health and the environment;
- Assurance of safety, security and reduction of risks to health in relation to the use, handling, storage and transportation of articles and substances;
- Maintenance of a safe place of work, and provision of a safe means of access and egress from it;
- Provision and maintenance of adequate welfare facilities;
- Provision of sufficient information, instruction, training and supervision as is necessary to ensure the health and safety of our employees at work;
- Continuous improvement of the environmental and health impact of our operations by minimising pollution and waste, resource consumption, and by using energy efficiently;
- Continuous improvement of SLNG's process and occupational safety by setting and measuring leading indicators as performance targets;
- Assurance that the quality of its products is safe for use by our customers; and
- Assurance of preparedness to respond effectively during an emergency.

To realise these objectives, SLNG shall make available adequate resources to promote and maintain best practices in Health, Safety, Security & Environmental management.

We require and will ensure the full participation and involvement of all employees and contractors engaged by SLNG. Contractors engaged by SLNG shall manage and execute their HSSE initiatives in line with this policy.
